

Labor. If you believe he can be an impartial arbiter, then I have swampland in New Mexico to sell you. The head of the AFL-CIO herself expressed approval of Walsh's willingness to work "behind the scenes."

Walsh's infamous picket line participation with strikers at the Kellogg's factory won't be his last attempt to interfere with labor-management disputes. Politico recently reported Walsh is "eager to help with others."

Walsh's pro-union advocacy disqualifies him from acting as an honest broker. He would rather protect his union boss cronies than protect workers and job creators.

OUR ECONOMY IS STRONGER THAN EVER

(Ms. GARCIA of Texas asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Ms. GARCIA of Texas. Mr. Speaker, I rise to celebrate the country's tremendous economic improvements.

While our economy is stronger than ever, the America COMPETES Act will strengthen the economy even more in the near future. But one key economic accomplishment during Biden's first year I would like to highlight is the large budget deficit decrease he produced.

In his first year, the deficit decreased by \$360 billion. That is an average drop of \$30 billion each month. That is huge.

This is a night-and-day difference from the past administration, which only increased the budget deficit year after year during his time in office. But even better, Biden is on track to reduce the deficit by more than \$1 trillion this year. This is truly remarkable.

We really are building a better America for generations to come.

VICTORY FOR UKRAINE

(Mr. WILSON of South Carolina asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. WILSON of South Carolina. Mr. Speaker, Ukraine, led by President Volodymyr Zelenskyy, is winning and will be victorious over Putin. Biden must send military aid now.

The ruse provided by incompetent Russian generals to claim eastern Ukraine is a trick. Just as America would not surrender by giving up a small part of the Eastern United States, such as Delaware, we know Putin must be defeated by peace through strength.

Victory is the only option to stop autocracy by rule of gun against democracy by rule of law, a clash of civilizations. The Chinese Communist Party will be stopped from mass murder in Taiwan. Iranian mullahs will be stopped from vaporizing the people of Israel. The world's largest democracy of India can thrive in a stabilized world.

I have faith in the Russian people, a great culture with great cultural influence adopted in America. There is legislation for defecting Russian troops, diplomats, and Duma members to be provided immediate refugee status to America and up to \$100,000 for any Russian military equipment turned over to Ukraine.

God bless Ukraine. God save Ukraine. Long live Volodymyr Zelenskyy.

CONGRATULATING IOWA'S HIGH SCHOOL BASKETBALL ALL-STATE HONOREES

(Mrs. MILLER-MEEKS asked and was given permission to address the House for 1 minute and to revise and extend her remarks.)

Mrs. MILLER-MEEKS. Madam Speaker, I rise today to recognize the achievements of several young men from Iowa's Second Congressional District.

Earlier this month, the Iowa high school basketball State championships were held in Des Moines. It was a week-end of competition and sportsmanship. While no school from the Second District won the championship, several young men recently earned all-State honors from the Des Moines Register.

Dayton Davis of Fort Madison and Shawn Gilbert of Central DeWitt were named to the Class 3A team. Eric Mulder of Pella Christian was named to the Class 2A team, and Maddox Griffin of Wapello was named to the Class 1A team.

In addition, Kaden Hall of English Valleys, Carter Harmsen of Mid-Prairie, Karl Miller of Pella, Pete Moe of Iowa City West, and Blaise Porter of New London earned honorable mention recognition.

Congratulations to all of these young men, teams, families, schools, and communities on achieving these honors. They are all well deserved.

Madam Speaker, I also knowledge that tomorrow, March 29, my daughter, Taylor Miller-Meeks, was born, which was one of the best days of my life.

BIDEN FOOD INSECURITY

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Madam Speaker, I rise today to talk about the situation we have with agriculture and water in California and the President's acknowledgment just a couple of days ago that we are going to see a food shortage in the world but partially even in the United States of America.

That is unbelievable to me. How could we, the United States of America, be facing possible food shortages? Indeed, already on the store shelves is empty space.

I remember a story just a few years ago where Boris Yeltsin, President of Russia, of all places, came over and was visiting. They took him to a gro-

cery store in the United States, and he was amazed and blown away and even emotional by the variety we have here.

Yet, the priorities don't seem to be producing for Americans or even producing for those we help around the world. It seems to be based more on environmental needs, like in my home State of California where they are releasing more water out to the ocean than what is going to go to agriculture this year.

Why does this affect all Americans? Why does this affect you? Because so many of the crops that we grow in California supply somewhere between 90 and 98 percent of what Americans eat of those crops, and we are still doing this environmental stuff in California.

BETTER CYBERCRIME METRICS ACT

Ms. JACKSON LEE. Mr. Speaker, I move to suspend the rules and pass the bill (S. 2629) to establish cybercrime reporting mechanisms, and for other purposes.

The Clerk read the title of the bill.

The text of the bill is as follows:

S. 2629

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. SHORT TITLE.

This Act may be cited as the "Better Cybercrime Metrics Act".

SEC. 2. FINDINGS.

Congress finds the following:

(1) Public polling indicates that cybercrime could be the most common crime in the United States.

(2) The United States lacks comprehensive cybercrime data and monitoring, leaving the country less prepared to combat cybercrime that threatens national and economic security.

(3) In addition to existing cybercrime vulnerabilities, the people of the United
